

Welcome Board Members to the Greater Roanoke Valley Twitter Account!

Yes, we are on the cutting edge here in Roanoke! Twitter is a social media marketing tool that can help us advertise the "Race" and it is easy to use. Below you will find the log in information to access our Twitter account. In order for Twitter to be effective, we need to have lots of "Tweets". A Tweet is a message of no more than 140 characters and the application warns you if you go over.

So Why Tweet? Twitter is a dialog tool to initiate conversations and get information out to your Twitter Followers. We want to get information out about the Race and other important information from Komen. I am in the process of inviting everyone who Twitters in the Roanoke Valley to follow us. So that when we "Tweet" lots of folks get the message. For example, we want to build attendance for the Sleep In Event which is happening this Saturday.

Congratulations to Brandi J. at Roanoke College for being the 2000th member of the Susan G Komen Race for the Cure Roanoke Region Cause !

Here is the Home Page, where you enter your Tweets. Here you see everything that is Tweeted by whom we “Follow”. When someone we “Follow” Tweets, we see it on our page. It is really interesting to see what other Affiliates are doing. This is how they connect to the Social Media World.

Once you click “Enter”, you are done. Your message is going out to the world!

What to Tweet!

Of course, the Race is the immediate focus. You could tweet about adding a member to your team, or reaching a fundraising goal, or about why you are running, or about anything you want. It will appear that the tweet is coming from the Affiliate so keep it general with that in mind.

Personal Tweet: Eric has joined my team, “Artist for the Cure”

General Tweet: Congrats Eric for joining the Artist for the Cure Team”
